Dear Australian Energy Regulator.

Magellan Powertronics Pty Ltd is an Australian manufacturer of Standalone Power Systems, Microgrids and utility scale energy storage equipment. Please see our website: www.magellanpower.com.au. We would like to express our support for the Ergon Energy's application for Ringfencing waiver as their Microgrid and Isolated System Test (MIST) Facility located in Cairns is a very useful testing facility for us to develop our Australian made equipment and techniques.

Regards

Masoud Abshar
