Statement of reasons: Roma to Brisbane Pipeline Annual Tariff Variation

On 22 April 2024, Roma to Brisbane Pipeline applied to the AER for variation of its gas reference tariffs for the period 1 July 2024 to 30 June 2025.

In 2024–25, Roma to Brisbane Pipeline’s transmission reference tariffs will increase by 5.99%.

The AER has carefully reviewed Roma to Brisbane Pipeline’s application in line with its 2021–26 access arrangement and is satisfied the tariff variation proposal is consistent with the access arrangement.

The transmission tariff increases are driven by inflation (4.05%) and the annual update to the regulated rate of return (0.96%).

Having considered Roma to Brisbane Pipeline’s tariff variation proposal, the AER approves these tariffs for commencement from 1 July 2024.
