Dear Kris,

Application to determine Essential Services Commission levies as a jurisdiction scheme

Jemena Electricity Networks (Vic) Pty Ltd, on behalf of the Victorian Electricity Distribution Network Services Providers, is submitting an application for the Australian Energy Regulator to determine the Essential Services Commission levies as a jurisdiction scheme under clause 6.6.1A(b) of the National Electricity Rules (Rules).

The attached submission provides details of the relevant law, the commencement date of the relevant scheme and an explanation of how the relevant scheme meets the jurisdictional scheme eligibility criteria as required by clause 6.18.7(g) of the Rules. We also outline a proposed path forward to implement the change in accordance with the 2021-26 electricity distribution price review determination and the upcoming 2026-31 determination.

If you have any questions about this submission, please contact Matthew Serpel [REDACTED]
