Dear Kami

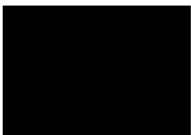

HumeLink CPA2

We note the final 2024 ISP update has been released by AEMO.

Noting we have already received feedback loop confirmation against AEMO's draft ISP 2024, we thought it prudent to also seek feedback loop confirmation against the final ISP 2024. AEMO has provided us with this written confirmation, which I attach for your records.

We request the AER take this further information into consideration when assessing the Contingent Project Application 2 for Humelink.

Yours faithfully

Maryanne Graham

Executive General Manager,
