

Our Ref: CM-9486

19 December 2019

Mr Dene Ward
Network Safety & Bushfire Mitigation Manager
CitiPower Pty Ltd

MELBOURNE VIC 8001

Dear Mr Ward

ACCEPTANCE OF BUSHFIRE MITIGATION PLAN

Energy Safe Victoria (ESV) has completed its review of the designated key items in the CitiPower Pty Ltd Bushfire Mitigation Plan 2019-2024 Revision 5, which was received at its office on 10 December 2019.

I am pleased to advise that the plan has been accepted by ESV.

This means that ESV is satisfied the submitted management plan meets the acceptance criteria adopted for the 2019-2024 years, and is deemed to satisfy the requirements of Section 113A of the *Electricity Safety Act 1998* incorporating amendments as at 29 June 2015, and the prescribed particulars in regulation 7 of the Electricity Safety (Bushfire Mitigation) Regulations 2013 incorporating amendments as at 1 May 2016.

Please note that plan acceptance does NOT:

- assess or endorse progress currently being made in implementing the plan and any other associated bushfire mitigation activities
- indicate that ESV considers full implementation of the plan will guarantee total fire preparedness throughout the fire season, nor the total prevention of bushfires

Thank you for your efforts to comply with the electricity safety legislation and reduce bushfire risk.

Should you have any queries in regard to this matter, please contact Gavin Jackson, Team Leader - Safety Systems Assurance, Regulatory Assurance on (03) 9203 9753.

Yours sincerely

Neil Fraser
ACTING DIRECTOR OF ENERGY SAFETY
