

Jemena Electricity Networks (Vic) Ltd

2026-31 Electricity Distribution Price Review Regulatory Proposal

RIN 10

RIN Response - Claims for confidentiality

Page intentionally blank

1. RIN response confidentiality claims

Title page and paragraph number of the document	Description of the confidential information	Topic the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
xxx						
JEN – RIN 4.4.3 – Asset Management Delivery Plan – 20250131 Page 7, 8, 12, 13, 22-24	Project delivery partner's resource model and recruitment strategy	Capex	Strategic information and market sensitive information	This contains commercially sensitive information relating to project delivery partner's sensitive resourcing information and strategic operations.	Disclosing this information would disrupt commercial outcomes for our delivery partner, affect future procurement processes and impede their ability to obtain future strategic and market outcomes. In turn this could compromise project opportunities and lead to poor outcomes and increased costs for consumers	Consumers benefit from fair and competitive market outcomes. No material public benefit would be gained from the disclosure of this information
JEN - Blunomy - RIN - Support – Blunomy's Vision Modelling Guide 20241122- 20250131 Whole document	Third party load forecasting modelling guide	Demand	Market intelligence	Reveals proprietary information of Blunomy, from which JEN purchased a license to use the Vision software and forecasting methodology	Disclosure of this information would contravene the agreement and obligations under which JEN licenses the Vision software and methodology from Blunomy	JEN is not aware of any material public benefit in disclosing this information that could outweigh the potential detriment
JEN - RIN - Support - AMA extended agreement – 20250131 Whole document JEN - RIN - Support - JESA addendum letter – 20250131 Whole document	Information relates to JEN's outsourcing arrangements (including structure and activity scope)	Related party arrangements	Strategic information and market sensitive cost inputs	The information relates to JEN's commercial outsourcing arrangements (including structure and activity scope and pricing).	Disclosure of this information may harm JEN's ability to procure competitively priced services in the future and impact the legitimate commercial interests of JEN	JEN is not aware of any public benefit in publicly disclosing information relating to its commercial-in-confidence arrangements

Title page and paragraph number of the document	Description of the confidential information	Topic the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
JEN - RIN - Support - JESA agreement – 20250131 Whole document				Revealing contract details may prejudice future tender and commercial negotiation processes between JEN and its service providers		
JEN – RIN 4.9.1 Reconciliation model - Revenue and pricing Whole document	Whole model	Demand, revenue and customer information	Market intelligence and Other	The model is designed to assist the AER by providing a reconciliation between information from various regulatory models and elements of JEN’s reset RIN submission. It includes confidential customer information.	There is no benefit of making this public as it is a reconciliation tool to assist the AER in its review. The customer information included in the model is sensitive and therefore cannot be made public.	JEN is not aware of any public benefit in publicly disclosing this information that would outweigh the detriment.
JEN - KPMG - RIN 6.1.3 - Non-financial review conclusion - ASAE 3000 compiled – 20250128 Whole document	Audit assurance report	Audit opinion	Other	Publication of this information would contravene the signed engagement letter with KPMG	Disclosure would result in a breach of confidentiality obligation	Disclosure would result in a breach of confidentiality obligation
JEN - KPMG - RIN 6.1.3 - Financial review conclusion - ASA 805 compiled – 2050128 Whole document	Audit assurance report	Audit opinion	Other	Publication of this information would contravene the signed engagement letter with KPMG	Disclosure would result in a breach of confidentiality obligation	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Enterprise Content Management uplift -	Information on our vendors services	Risk management	Information affecting the	Information affecting the security of the network	If disclosed may jeopardise network security or ability to effectively plan / operate network	Disclosure would result in a breach of confidentiality obligation

Title page and paragraph number of the document	Description of the confidential information	Topic the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
20250131 Page 4			security of the network		e.g. security or comms systems plans	
JEN – RIN – Support – ICT Investment Brief - Enterprise Content Management uplift - 20250131 Pages 4, 8 and 9	Supplier Pricing	Expenditure	Market sensitive cost inputs	Negotiated supplier pricing	Rates are negotiated commercially in-confidence and are contained in a confidential contract	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Cyber security program - 20250131 Page 7	Information on our vendors services	Risk management	Information affecting the security of the network	Information affecting the security of the network	If disclosed may jeopardise network security or ability to effectively plan / operate network e.g. security or comms systems plans	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Cyber security program – 20250131 Page 5, 7 and attachment A & B	Security information	Risk management	Information affecting the security of the network	Sensitive information about Jemena’s cybersecurity practices	Provision of this information has the potential to jeopardise the security of the network	Disclosure could increase Jemena’s cybersecurity risk
JEN – RIN – Support – ICT Investment Brief - Cyber security program – 20250131 Page 10	Supplier Pricing	Expenditure	Market sensitive cost inputs	Cost estimate of purchasing a service that Jemena plans to competitively tender for	If published cost estimated could impact the ability to receive competitive pricing in tender	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Capacity growth – 20250131 Page 6	Information on our vendors services - security information	Risk management	Information affecting the security of the network	Sensitive information about Jemena’s cybersecurity practices	Disclosing this information creates an attack vector.	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Capacity growth – 20250131	Information on our vendors services -	Risk management	Information affecting the	Sensitive information about Jemena’s	Disclosing this information creates an attack vector.	Disclosure would result in a breach of confidentiality obligation

Title page and paragraph number of the document	Description of the confidential information	Topic the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit

Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Digitising Network Switching – 20250131 Page 9, 10	Information on JEN Architecture	Risk management	Information affecting the security of the network	Sensitive information about Jemena’s cybersecurity practices	Disclosing this information creates an attack vector.	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Digitising Network Switching – 20250131 Page 9, 11, 12	Supplier Pricing	Expenditure	Market sensitive cost inputs	Negotiated supplier pricing	Rates are negotiated commercially in-confidence and are contained in a confidential contract	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT Investment Brief - Dynamic Network planning with automation – 20250131	System and system support details	Platform information	Information affecting the security of the network	Sensitive information about Jemena’s cybersecurity practices	Disclosing this information creates an attack vector.	Disclosure would result in a breach of confidentiality obligation

Title page and paragraph number of the document	Description of the confidential information	Topic the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
Page 5						
JEN – RIN – Support – ICT Investment Brief - Dynamic Network planning with automation – 20250131 Page 7, 8, 9	Supplier Pricing	Expenditure	Market sensitive cost inputs	Negotiated supplier pricing	Rates are negotiated commercially in-confidence and are contained in a confidential contract	Disclosure would result in a breach of confidentiality obligation
JEN – RIN – Support – ICT PIR FIRB Compliance Remote Access Protocol – 20250131 Whole document	Security information	Risk management	Information affecting the security of the network	Sensitive information about Jemena’s cybersecurity practices	Provision of this information has the potential to jeopardise the security of the network	Disclosure could increase Jemena’s cybersecurity risk
JEN - RIN - Support - Technology plan – 20250131 Section 3.1.5 Cloud Computing and Vendor Dominance Page 18, 19	Information on our vendors services	Demand, revenue and customer information	Market sensitive cost information and Other	Publication of this information would affect JEN’s ability to obtain competitive prices in the future and would adversely affect our ability to negotiate fair market prices	Publication of this information may influence tenders in the future.	JEN is not aware of any public benefit in publicly disclosing this information that could outweigh the detriment.
JEN - RIN - Support - Technology plan - 20250131 Page 20, 21, 50, 51, 52	Current ICT environment at Jemena	Platform information	Information affecting the security of the network	Sensitive information about Jemena’s cybersecurity practices	Disclosing this information creates an attack vector.	Disclosure would result in a breach of confidentiality obligation
JEN - RIN - Support - Technology plan - 20250131 Section 8.8 Governance to ensure efficient vendor	Information on our vendors services	Demand, revenue and customer information	Market sensitive cost information and Other	Publication of this information would affect JEN’s ability to obtain competitive prices in the future	Publication of this information may influence tenders in the future.	JEN is not aware of any public benefit in publicly disclosing this information that could outweigh the detriment.

Title page and paragraph number of the document	Description of the confidential information	Topic the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
expenditure				and would adversely affect our ability to negotiate fair market prices		

Title page and paragraph number of the document	Description of the confidential information	Topic the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
JEN – RIN – Support – 11kV Central Area Network Development Strategy – 20250131 Page xv, xvii, 41, 60, 61 Tables ES-1, ES-2, 5-3, 7-1	Cost build-up of network upgrades for JEN and/or decommissioning assets	Capital expenditure	Market sensitive cost inputs and strategic information	Publication of this information would affect JEN's ability to obtain competitive prices in the future and would adversely affect our ability to negotiate fair market prices	Publication of this information would harm JEN's ability to negotiate competitive prices with potential suppliers of services.	Publication of this information would be harmful (and result in cost increases that would flow through to higher bills) and there is no public benefit that can be realised.
JEN – RIN – Support – 11kV Central Area Network Development Strategy – 20250131 Figures - Pages: 10, 11, 12, 13, 14, 15 (2), 16 (2), 17, 18, 62 (2), 63 (3), 64, 65, 66, 67 (2), 68, 69, 70, 71, 72, 73,74,75, 76, 77, 78, 79,80,81	Figures display single line network diagrams & proposed network arrangements.	Significant network diagrams (SLD, network maps)	Information affecting the security of the network	Figures display network routes.	Disclosing these figures could compromise the physical security of the network.	Security of the network is a priority to provide the public with a reliable and secure network for optimal operation.
