Peter Bucki
Head of Regulation
Australian Gas Networks Limited

Dear Mr Bucki,

Re: Australian Gas Networks (SA) 2022-23 Tariff Variation Proposal

The AER has considered this matter and decided, in accordance with the provisions of Australian Gas Networks' (SA) (**AGN**) 2021–26 access arrangement, to approve AGN's proposed tariffs for the period 1 July 2022 to 30 June 2023.

The proposed tariffs were initially submitted to the AER on 20 April 2022. A revised submission with minor editorial corrections was provided on 26 April 2022.

The proposed tariffs are compliant with the AGN 2021–26 gas access arrangement. A Statement of Reasons is attached; this Statement will be published on our website in the coming days, alongside this letter and the approved tariff variation proposal.

Should you have any queries, please contact Paul Harrigan on [REDACTED].

Yours sincerely

[REDACTED]
