Dear Ms Einhart

Re: NSW Electricity Infrastructure Fund 2022–23 Contribution Determination

We are writing to initiate the 2022–23 contribution determination process for the NSW Roadmap Electricity Infrastructure Fund under Part 7 of the *Electricity Infrastructure Investment Act* (EII Act).

We therefore request that the Scheme Financial Vehicle, in accordance with the EII Act, Regulations and our [Contribution Determination Guideline](#):

- provide the relevant templates and model (attached) to all NSW Roadmap scheme entities to input relevant data
- obtain completed templates from all NSW Roadmap scheme entities
- obtain supporting material from all scheme entities, including the Scheme Financial Vehicle, to support data inputs as detailed in our guideline
- compile all data from completed templates into the contribution determination model, compile supporting material and conduct quality assurance
- submit the completed templates and model, together with the package of supporting material under cover letter to us outlining the quality assurance processes undertaken
- submit both a confidential version of the completed templates and model, and a redacted version of the model that can be published on our website.

We request that the package of material be returned in line with timeline specified in Table 1 of our guideline, to enable the AER to make an annual contribution determination under the EII Act by 28 February 2023.

If you have any queries, please contact Kashif Artani, Director at kashif.artani@er.gov.au / (07) 3052 1208.

Yours sincerely
