Introduction

- The ACCC set Transend's present revenue cap in 2003
- Transend's 2009 – 2014 revenue cap will be set by AER
- AER is a constituent part of the ACCC
- AER activities include economic regulation of:
 - electricity transmission and distribution businesses in the NEM
 - gas transmission and distribution services outside of WA
- AER Board members:
Steve Edwell (Chair), Ed Willett, Andrew Reeves

Introduction

- Transend proposal for 1 July 2009 to 30 June 2014 is published on the AER website
- AER preliminary examination found Transend proposal satisfied submission guidelines and NER
- Forum held to assist AER in making transmission determination for Transend under chapter 6A of NER
- Written submissions on Transend's proposal are invited from interested parties

Timeline

- 11 August 2008 Submissions close on Transend proposal
- November 2008 AER draft decision and consultant's report
- December 2008 Public forum - AER draft decision
- February 2009 Submissions close on draft decision
- April 2009 AER final decision

Forum procedures

- After presentations, forum is open to questions from interested parties
- Purpose is not to engage in debate on the issues but to provide opportunity to raise any issues with the proposal or the revenue cap process
- A record of this meeting will be made
- Please register if you haven't done so already
