

## **STATEMENT OF REASONS**

### **AusNet Services Reference Tariff variation for 2019**

On 25 October 2018, AusNet Services applied to the AER for the variation of its haulage reference services and ancillary reference services for the period 1 January to 31 December 2019. The application is based on the 2018–22 Access Arrangement and the variation to Part B approved by the AER on 30 November 2017.

The AER has considered AusNet Services' application for 2019 variation of reference tariffs and is satisfied that AusNet Services' application complies with the relevant principles and formulae set out in clauses 2.2, 3 and 4 in Part B of the AusNet Services Access Arrangement.

Having considered the nature of the gas tariffs as proposed by AusNet Services' for 2019, the AER approves these tariffs for commencement on 1 January 2019.

The approved 2019 reference tariffs for haulage reference services and ancillary reference services tariffs are set out in the section below.
