Dear Mr Charlton

Approval of Distribution Loss Factors for 2010-11

I refer to my letter dated 5 March 2010 providing the Commission's assurance that the distribution loss factors (DLFs) proposed by ActewAGL for the 2010-11 financial year were determined in accordance with the methodology agreed for previous years by the Commission and ActewAGL.

I note that there was a typographical error in my previous letter. To ensure the matter is without doubt, I confirm that my previous advice refers to the following DLFs:

- 1.0488 for low voltage customers
- 1.0284 for high voltage customers

Yours sincerely

Paul Baxter
