Dear Mr Anderson

Submission containing information not found in regulatory proposal

Thank you for your email of 28 August 2014 giving us the opportunity to respond to the submission you received after the closing date for submissions (CONFIDENTIAL unnamed submission.pdf), in relation to our subsequent regulatory proposal.

We have separately informed you that we do not object to publication of the submission. We can confirm that it does contain material that was not in our regulatory proposal but we see it as frivolous and vexatious.

In particular, the assertions and inferences being drawn in the submission are false. If the AER decides to consider the submission, we would be happy to respond to any questions you may have.

Please contact me should you have any queries in relation to this matter.

Yours sincerely

Michael Costello
Chief Executive Officer
