Attention: Susan Faulbaum, Director, Consumers and Markets Branch

Id like to make you aware of the following reasons why I object to South Stradbroke Utilities application for individual exemption from the requirement to hold a retailer authorisation.

Section 17- This is my main concern for objecting as the submitters and director of South Stradbroke Utilities **ABN 49 636 726 497** is also on the CBC head of body corporate and have not paid levies on privately owned properties owned by them , there for holding back voting rights from three sub-committees and now is currently in legal dispute.

Section 20- The aggregate annul amount of KW seems to be unfairly divided. As the 354 individual units are only for a handful of residential occupants and the rest are only used a few times a year as per holiday home or holiday let. (the submission estimate at 900Kw per quarter) Whereas, the Island resort infrastructure is run 24 hours 7 days a week all year round it is most likely to be 3 or 4 time higher not double as estimated as 1800kw per quarter.

Kind Regards
