Dear Sir

Projects commenced under the Regulatory Test

Aurora Energy Pty Ltd, ABN 85 082 464 622 (Aurora) is an incorporated, State Government owned fully integrated energy and network business, with complementary activities in telecommunications and energy-related technologies. Aurora provides electricity retail and distribution services to more than 270,000 customers in the Tasmanian jurisdiction. In this document, reference to Aurora should be taken as reference to Aurora in its capacity as the provider of distribution network services licensed by the Regulator under the *Electricity Supply Industry Act 1995* (Tas).

On 1 January 2014, the Regulatory Investment Test for Distribution (RIT-D) commenced in Tasmania. To enable the AER to properly administer the RIT-D, clause 11.50.5(c) of the National Electricity Rules required that:

By 31 December 2013, each Network Service Provider that has commenced assessing a project under the regulatory test must submit to the AER a list of those projects.

This letter is to confirm that Aurora had no projects being assessed under the regulatory test as at 1 January 2014.

If you have any questions, please address them to the contact noted above.

Yours faithfully
