Dear Warwick,

Re: Amended Proposed Pricing Methodology submission

Please find enclosed AusNet's amended proposed pricing methodology (marked up and clean versions) to address changes required by the introduction of the System Strength Charging in accordance with the AEMC's Efficient Management of System Strength on the Power System Rule 2021, determined in October 2021.

Our proposed pricing methodology has been amended to clarify system strength pricing responsibilities between AusNet and AEMO, which will help transmission users understand who is responsible for system strength charges in Victoria.

Should you have any queries on the submission, please do not hesitate to contact Edwin Chan on [REDACTED] or by email at [REDACTED]

Sincerely,

Tom Hallam
