Dear Sir

Re: Murraylink Transmission Company – Application to the ACCC

I write on behalf of the Australian Landscape Trust regarding the above matter and have pleasure in enclosing a submission prepared on behalf of the ALT on the public invitation of the ACCC.

The submission is self explanatory but essentially encourages the ACCC in considering applications of this type to meaningfully take into account quantifiable environmental costs associated with different forms of electricity transmission projects.

If you have any queries in relation to the above, please do not hesitate to contact me.

Yours sincerely

COLE SOLICITORS
