

## Attachment 5. Confidentiality Claim

### Confidentiality template

Title, page and paragraph number of document containing the confidential information	Description of the confidential information.	Topic the confidential information relates to (e.g. capex, opex, the rate of return etc.)	Identify the recognised confidentiality category that the confidential information falls within.	Provide a brief explanation of why the confidential information falls into the selected category. If information falls within 'other' please provide further details on why the information should be treated as confidential.	Specify reasons supporting how and why detriment would be caused from disclosing the confidential information	Provide any reasons supporting why the identified detriment is not outweighed by the public benefit (especially public benefits such as the effect on the long term interests of consumers).
Page 16 and 17, Section 5.1, paragraph 2 and table 2 in Tariff Variation Notice	Actual amount paid for Energy Industry Levy	Licence fee factor amount	Market sensitive cost inputs	Revealing AAD's EIL costs would diminish AAD's ability to obtain competitive prices.	This will affect AAD's ability to obtain competitive prices.	It is not in the long term interests of consumers if market sensitive data can diminish AAD's ability to obtain competitive prices.
Page 17, Section 5.2, paragraph 2 and table 3 in Tariff Variation Notice	Wholesale gas price	Financial details for UAG	Information contains supplier prices and information which would affect AAD's ability to obtain competitive prices in future transactions.	This will affect AAD's ability to obtain competitive prices.	This will affect AAD's ability to obtain competitive prices.	It is not in the long term interests of consumers if market sensitive data can diminish AAD's ability to obtain competitive prices.

**ActewAGL Distribution Tariff Variation Notice Submission, 15 March 2017. Confidentiality Claim**

Attachment 2 – AAD Tariff Basket Model	UAG values, actual EIL costs and individual consumption data	UAG, EIL, consumption levels	Market sensitive cost inputs/personal information	The reference tariffs model contains both UAG, EIL information and a number of tariff classes that contain a few customers and would therefore disclose individual customers' consumption levels.	This is private information relating to individual consumption levels. UAG reasons as above.	It is not in the long term interests of consumers if market sensitive data can diminish AAD's ability to obtain competitive prices.
Attachment 4 – Regulatory Reporting Statement	Gas consumption of large business customers	Gas quantity inputs	Personal information	There are a number of tariff classes that contain a few customers and disclosing the gas quantity inputs would disclose individual customers' consumption levels.	There is private information relating to individual consumption levels.	There is no public benefit in releasing the gas consumption data by tariff classes.

## Attachment 6. Proportion of confidential material

Submission Title	Number of pages of submission that include information subject to a claim of confidentiality	Number of pages of submission that do not include information subject to a claim of confidentiality	Total number of pages of submission	Percentage of pages of submission that include information subject to a claim of confidentiality	Percentage of pages of submission that do not include information subject to a claim of confidentiality
Tariff variation notice	2	17	19	11%	89%
Reference tariffs 2017-18	0	5	5	0%	100%
Tariff basket model	1	0	1	100%	0%
KPMG – statement of gas quantity	0	2	2	0%	100%
Regulatory Reporting Statement	1	0	1	100%	0%
