31 March 2017

Mr Chris Pattas
Australian Energy Regulator
General Manager Network Investment and Pricing
GPO Box 520
MELBOURNE VIC 3001

Dear Mr Pattas

Energex's Pricing Proposal for 2017-18

The National Electricity Rules require Energex to submit a Pricing Proposal to the Australian Energy Regulator (AER) for the next regulatory year by 31 March.

Accordingly, we are pleased to submit our 2017–18 Pricing Proposal for approval. We also provide you with the updated Schedule of Indicative Prices which sets out network prices for each of the remaining years of the regulatory control period.

It should be noted that the Pricing Proposal does not contain any confidential information and, as a result, only one (public) version of the document has been prepared. However, consistent with the AER's Confidentiality Guideline, we have provided commercially sensitive site specific charges for our ICC and CAC customers in a separate document (Tariff Analysis Template). Our confidentiality claims are set out in Appendix 9 of the Pricing Proposal.

In February 2017, the AER approved Energex's Tariff Structure Statement (TSS) for the 2017 to 2020 period. The 2017-18 Pricing Proposal is therefore the first to be developed in accordance with our TSS. Considering the content in our TSS about adherence to the pricing principles and tariff
