27 April 2020

Mr Steven Neave  
General Manager Electricity Networks  
Powercor Australia Ltd  
Locked Bag 14090  
MELBOURNE VIC 8001

Dear Mr Neave

**RE: POWERCOR'S POLICY FOR ANNUAL CAPACITY TESTING**

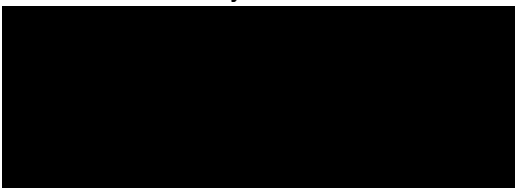

Thank you for your letter and accompanying Policy for Annual Capacity Testing (CP\_PAL\_REFCL\_102, Revision 1.0), received on 15 April 2020. I am pleased to advise that Energy Safe Victoria (ESV) accepts Powercor's proposed policy.

To finalise the acceptance process, Powercor should update section 6.6.1 of its Bushfire Mitigation Plan (BMP) to include reference to this new policy and submit to ESV for review and acceptance.

Please proceed to schedule your planned REFCL annual capacity testing in accordance with this policy.

If you require further information, please contact Nathan Bitsas, Team Leader – Bushfire Mitigation by email [REDACTED] or [REDACTED].

Yours sincerely

Ian Burgwin  
**GENERAL MANAGER**  
**ELECTRICITY SAFETY AND TECHNICAL REGULATION**
