## **OPPORTUNITY BRIEF FOR INFRASTRUCTURE**

SUMMARY											
Definition of the opportunity or	issue being highlighted. I	Initiator please complete the fo	ollowing field	ds.							
Title:*	Inlet Piping Rectification - Woden										
Project Initiator:*			SAP WBS:	: AAN-RA	C-000007						
Inquiry Number:*	1.00485e+007		Service Ty	ype*: CAPEX_S	tay in Business						
In Regulatory Allowance:			Asset:*	ActewAG	AGL						
Opportunity: *	The internal gas pressure within Westfield Woden is above the maximum allowable pressure as per the current regulations.										
Objective:*	Meet the compliance requirements for meter sets within Westfield Woden.										
Project Justification:*	To satisfy the requirements for compliance and safety.										
	Commercial	□ Integrity		liance	☐ Business Development		ent	☑ Safety			
		Asset Risk Rating:*	High		Solution Re	n Required By:* 30/06/2021					
OPTIONS CONSIDERATION  List of potential options to resolve the issue or opportunity. Include both options considered and rejected.  Option Description & Assumptions Delivery Risks & Constraints Cost Estimate  Option 1 (Preferred): Relocate BRs and meter sets where necessary UTR to accept proposed changes \$670,000											
List of potential options to resol	ve the issue or opportun  Option De	escription & Assumptions		Delivery Risks & 0			\$670,000				
List of potential options to resolo  Option 1 (Preferred):	ve the issue or opportun  Option De	escription & Assumptions				:	\$670,000				
List of potential options to resolution 1 (Preferred):  Option 2:	ve the issue or opportun  Option De	escription & Assumptions		Delivery Risks & 0		[	\$670,000				
List of potential options to resolo  Option 1 (Preferred):	ve the issue or opportun  Option De	escription & Assumptions	UT	Delivery Risks & 0			\$670,000	Cost Estimate			
List of potential options to resolution 1 (Preferred):  Option 1:  Option 3:	Option D Relocate BRs and me	escription & Assumptions	UT	Delivery Risks & 0				Cost Estimate			
List of potential options to resolve the control option 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:	Option D Relocate BRs and me Not an option	escription & Assumptions eter sets where necessary	UT Fir	Delivery Risks & 0				Cost Estimate			
List of potential options to resolution 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:	Option Do Relocate BRs and me Not an option	escription & Assumptions eter sets where necessary	UT Fir	Delivery Risks & C			\$1,000,000	Cost Estimate			
List of potential options to resolve the control option 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:	Provided the street of the project, as well a Ga	escription & Assumptions eter sets where necessary	UT Fir	Delivery Risks & 0			\$1,000,000	Cost Estimate			
List of potential options to resolve the control option 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:	Option Do Relocate BRs and me Not an option  So of the project, as well a Ga Gate 1 - Initiate	escription & Assumptions  eter sets where necessary  is approver and responsible gro  ite & PMM Phase	UT Fir	Delivery Risks & C			\$1,000,000	Cost Estimate			
List of potential options to resolve the control option 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:	Not an option  Sof the project, as well a  Gate 1 - Initiate  Gate 2 - Plan & Defi	escription & Assumptions eter sets where necessary as approver and responsible gro te & PMM Phase ne	UT Fir	Delivery Risks & C			\$1,000,000	Cost Estimate			
List of potential options to resolve the control option 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:	Not an option  Sof the project, as well a  Gate 1 - Initiate  Gate 2 - Plan & Defi	escription & Assumptions eter sets where necessary as approver and responsible gro te & PMM Phase ne	UT Fir	Delivery Risks & C			\$1,000,000	Cost Estimate			
List of potential options to resolution 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:  PROJECT SCHEDULE  Initial view of the key milestones	Not an option  Sof the project, as well a  Gate 1 - Initiate  Gate 2 - Plan & Defi  Gate 4 - Deliver	escription & Assumptions eter sets where necessary as approver and responsible gro te & PMM Phase ne	UT Fir	Delivery Risks & C			\$1,000,000	Cost Estimate			
List of potential options to resolution 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:  PROJECT SCHEDULE  Initial view of the key milestones	Not an option  Sof the project, as well a  Gate 1 - Initiate  Gate 2 - Plan & Defi  Gate 4 - Deliver  Gate 5 - Deliver	escription & Assumptions eter sets where necessary as approver and responsible gro te & PMM Phase ne	UT Fir	Delivery Risks & C			\$1,000,000	Cost Estimate			
List of potential options to resolution 1 (Preferred):  Option 2:  Option 3:  Do Nothing:  Comments:  PROJECT SCHEDULE  Initial view of the key milestones	Not an option  Sof the project, as well a  Gate 1 - Initiate  Gate 2 - Plan & Defi  Gate 4 - Deliver	escription & Assumptions eter sets where necessary as approver and responsible gro te & PMM Phase ne	UT Fir	Delivery Risks & C			\$1,000,000	Cost Estimate			

FINANCIAL FORECAST											
Financial overview of the project, providing an oversight on how much the project is expected to cost against the AMP budget allocation.											
Project Estimate:*	\$670,000	This value is automatically populated with the value from Option 1 (Preferred) Cost Estimate under Options Consideration
