Dear Mr Kelly

GCEF SPV Pty Ltd's application for an individual retail exemption

I refer to your application from June 2015, for an individual exemption under the National Energy Retail Law (Retail Law) for GCEF SPV Pty Ltd (ABN 35 606 536 412).

I am writing to inform you that the Australian Energy Regulator (AER) has considered GCEF SPV's application for an individual exemption and that it decided, on 3 September 2015, to grant an individual exemption in accordance with s.110 of the Retail Law. This letter constitutes notice of intention to grant an individual exemption. Please note, the individual exemption does not come into effect until GCEF SPV advises the AER that it accepts the conditions of this exemption.

In accordance with the National Electricity Retail Rules (Retail Rules), the AER has published the application on its website, and sought submissions from interested parties.¹ The AER did not receive any submissions to GCEF SPV's application.

The AER has considered the policy principles relating to exempt selling in s. 114 of the Retail Law, being:

- a) regulatory arrangements for exempt sellers should not unnecessarily diverge from those applying to retailers,
- b) exempt customers, should, as far as practicable, be afforded the right to a choice of retailer in the same way comparable retail customers in the same jurisdiction have that right,
- c) exempt customers, should, as far as practicable, not be denied customer protections afforded to retail customers under this Law and Rules.

¹ r. 155(3) and 156, National Energy Retail Rules.

In making its decision the AER is also guided by the objective of the Retail Law², the exempt seller factors,³ and the customer related factors.⁴

The AER is satisfied that GCEF SPV should be exempt from the requirement to hold a national retailer authorisation, having regard to the above considerations. If GCEF SPV wishes to change the way it sells electricity it should contact the AER as it may need to apply for an authorisation or another exemption. If these activities are not covered by this exemption GCEF SPV may be in breach of s. 88 of the Retail Law and we may take enforcement action or otherwise seek to ensure compliance.

This individual exemption is subject to acceptance of the conditions⁵ set out at Schedule 1 to this letter. One of these conditions relates to information disclosure. Specifically, this condition is intended to ensure that your customers understand the nature of the service that you are providing and the protections they are entitled to (as opposed to the service and protections your customers would receive from their energy retailer).

For the individual exemption to come into effect, GCEF SPV must advise the AER in writing, by 1 October 2015, whether it accepts the attached conditions. GCEF SPV cannot commence energy selling under its individual exemption until it has done so. Please be aware that the AER may vary conditions attached to an individual exemption at any time in accordance with rule 158 of the Retail Rules.

If you have any further queries, or would like to discuss this further, please contact Susan Faulbaum on (08) 8213 3463.

Yours sincerely

Schedule 1: Instrument of exemption

INDIVIDUAL EXEMPTION FROM THE REQUIREMENT TO HOLD A RETAILER AUTHORISATION

The Australian Energy Regulator on 3 September 2015, decided pursuant to section 110 of the National Energy Retail Law, to grant GCEF SPV Pty Ltd (ABN 35 606 536 412) (the exempt person) an individual exemption from the requirement to hold a retailer authorisation under section 88 of the National Energy Retail Law, subject to the following conditions.

Condition 1 - Information provision

The exempt person must provide the customer in writing a plain English notice explaining that the contract is covered by Australian consumer protection laws and is separate to the customer's contract with their retailer and distributor which are covered under the National Energy Retail Law.

Condition 2 – Exemption limited to the sale of electricity through solar power purchase agreements

This exemption is conditional upon the exempt person:

- refraining from registering in the wholesale market for the purposes of purchasing energy, and
- not being the financially responsible retailer for the premises (rather, this must be an authorised retailer).
