

**South Stradbroke Utilities – Exemption Application  
Submission from CCH Developments No 1 Pty Ltd (Subject to Deed of Company Arrangement)**

31 July 2020

To Whom It May Concern

We are the owners of a vacant lot at Couran Cove.

Current we are charged for electricity services as if there are 192 houses on this lot.

There are no built structures on lot 113, the vacant lot, and accordingly believe we should not be charged by the Couran Cove Community Body Corporate for electricity that we can not and do no use.

A change to individual billing to owners in an embedded network would that our lot is no longer charged for services that are not provided and hence be a fairer outcome for all owners.

Yours faithfully

**Lachlan McIntosh**
