

NATIONAL ELECTRICITY RULES

EXTENSION OF TIME LIMIT UNDER CLAUSE 6.6A.2(j)

TO: Powercor Australia Ltd (ABN 89 064 651 109)

40 Market Street
MELBOURNE VIC 3000

Date: 28 April 2017

In assessing the contingent project application that Powercor Australia Ltd (**Powercor**) submitted to the AER under clause 6.6A.2(a) of the National Electricity Rules on 28 March 2017 (**contingent project application**), concerning the installation of Rapid Earth Fault Current Limiters, the AER has today decided to extend the time limit by when the AER must make its decision by not more than 60 business days in accordance with clause 6.6A.2(j) of the National Electricity Rules.

The AER will now make its decision on Powercor's contingent project application by 21 August 2017.
