RE; Blue Aurora Pty Ltd-Application for an individual
exemption

Dear Sarah

I wish to show my interests in submitting a submission to vote in favour of Blue Aurora Pty Ltd being granted an individual exemption from the requirement to hold a retail authorisation under the National Energy Retail Law to sell energy at Cairns Beach Resort.

I have been a unit owner for the past 11 years and have been very happy with the way both sets of caretakers have reported on Electricity supply through our monthly statement and further reports in the monthly newsletter. The electricity supply has been in place since I purchased my Unit and we find no need to change something that is working well. I am in favour of the Caretakers application to Australian Energy Regulator.

Regards

David Roots
