Ausgrid – 2019-24 Tariff Structure Statement proposal

St Vincent de Paul Society (SVDP) writes regarding the letter from Ausgrid to the AER dated 24/09/2018. In that letter, Ausgrid notified the AER of its intention for its revised tariff structure statement (TSS) proposal to be materially different to that submitted on 30 April 2018.

While SVDP cannot support or oppose the contents of the revised proposal until it is finalised, however we support Ausgrid in asking the AER to not accept the original proposal and that the AER be willing to assess the revised proposal on its merits.

If this is accepted by the AER, SVDP look forward to working with Ausgrid in developing a revised tariff structure statement.
