Dear Dr Funston

**RE TasNetworks' Expenditure Forecasting Methodology**

In accordance with clause 6.8.1A and 6A.10.1B of the National Electricity Rules, we are pleased to provide our Expenditure Forecasting Methodology for the forthcoming distribution and transmission determination.

TasNetworks looks forward to working with our customers, the AER and other interested parties as we build our distribution and transmission revenue forecasts based on this methodology.

If you have any queries regarding this matter, please contact Don Woodrow, Program Leader Revenue Resets, at [REDACTED]

Yours sincerely
