QNI Minor Upgrade Project | Contingent Project Application – Confidentiality claims

13 March 2020

Confidentiality Claims

This document identifies confidential information in our response to the AER's 5 March Request for Information (RFI#2) on our Contingent Project Application (Application) for the Queensland New South Wales Interconnector (QNI) Minor Upgrade Project (QNI Project) for the 2018-19 to 2022-23 (2018-23) regulatory period.

Table 1 sets out the confidential information together with the reasons why we consider this information to be commercial-in-confidence. This document has been prepared in accordance with the Australian Energy Regulator's (AER) Confidentiality Guideline.

Table 1 – Confidential information in our response to the AER’s RFI#2 on our QNI Project Application

Title page and paragraph number	Description of the confidential information	Topic of the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
Attachment 1 – Tender evaluation report(s) for the substation works						
Table 2 to Table 4	Tender evaluation scores	QNI tender evaluation scores	Market sensitive information	Public disclosure could potentially harm TransGrid’s and the third-party’s commercial interests.	<p>TransGrid’s relationship with the vendor could be impaired.</p> <p>Public disclosure could potentially harm TransGrid’s and the third-party’s commercial interests and undermine TransGrid in future negotiations with suppliers.</p>	While the detriment of publishing the information is clear, we are not aware of any public benefit in publicly disclosing this information that could outweigh the detriment.
Attachment 2 – QNI-CSD-SKT-003						
QNI-CSD-SKT-003	Network design / strategic asset information	Network Design	Market sensitive information affecting security of the network.	Network design / strategic asset information	Public disclosure could potentially harm TransGrid	While the detriment of publishing the information is clear, we are not aware of any public benefit in publicly disclosing this information that could outweigh the detriment.
Attachment 3 – QNI-CSD-SKT-004						

Title page and paragraph number	Description of the confidential information	Topic of the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
QNI-CSD-SKT-004	Network design / strategic asset information	Network Design and risk information	Market sensitive information affecting security of the network.	Network design / strategic asset information	Public disclosure could potentially harm TransGrid	While the detriment of publishing the information is clear, we are not aware of any public benefit in publicly disclosing this information that could outweigh the detriment.
Attachment 4 – Armidale QNI 2d InRoads 29-11-19						
Armidale QNI 2d InRoads 29-11-19	Network design / strategic asset information	Network Design	Market sensitive information affecting security of the network.	Network design / strategic asset information	Public disclosure could potentially harm TransGrid	While the detriment of publishing the information is clear, we are not aware of any public benefit in publicly disclosing this information that could outweigh the detriment.
Attachment 5 – Dumaresq QNI InRoads 2D 03-12-19 - Survey 2008						
Dumaresq QNI InRoads 2D 03-12-19 - Survey 2008	Network design / strategic asset information	Network Design	Market sensitive information affecting security of the network.	Network design / strategic asset information	Public disclosure could potentially harm TransGrid	While the detriment of publishing the information is clear, we are not aware of any public benefit in publicly disclosing this information that could

Title page and paragraph number	Description of the confidential information	Topic of the confidential information	Confidentiality category	Why the confidential information falls into the selected category	How and why detriment would be caused from disclosing the confidentiality information	Why the identified detriment is not outweighed by the public benefit
						outweigh the detriment.
Attachment 6 – Tamworth QNI InRoads 2D 04-11-19 SVC 5%						
Tamworth QNI InRoads 2D 04-11-19 SVC 5%	Network design / strategic asset information	Network Design	Market sensitive information affecting security of the network.	Network design / strategic asset information	Public disclosure could potentially harm TransGrid	While the detriment of publishing the information is clear, we are not aware of any public benefit in publicly disclosing this information that could outweigh the detriment.
