

Attachment 1 - Confidentiality template - Benchmarking

Title, page and paragraph number of document containing the confidential information	Description of the confidential information.	Topic the confidential information relates to (e.g. capex, opex, the rate of return etc.)	Identify the recognised confidentiality category that the confidential information falls within.	Provide a brief explanation of why the confidential information falls into the selected category. If information falls within 'other' please provide further details on why the information should be treated as confidential.	Specify reasons supporting how and why detriment would be caused from disclosing the confidential information.	Provide any reasons supporting why the identified detriment is not outweighed by the public benefit (especially public benefits such as the effect on the long term interests of consumers).
ITOMS 2013 and ITAMS 2012 Report Page 19	Design of study metrics	Capex and opex	Other	Intellectual property of UMS	Other providers could benefit commercially from aspects of the study design that are UMS' intellectual property	TransGrid's benchmarking results are published and visible to consumers
Global Capital Expenditure Benchmarking Report Pages 5, 6, 20-29	Design of study metrics and assumptions	Capex	Other	Intellectual property of UMS	Other providers could benefit commercially from aspects of the study design that are UMS' intellectual property	TransGrid's benchmarking results are published and visible to consumers
Human Resources Effectiveness Monitor 2012 Pages 26-46, 50-80, 91-180	Design of study and results not relevant to TransGrid's efficiency	Opex	Other	Intellectual property of Mercer	Other providers could benefit commercially from aspects of the study design that are Mercer's intellectual property	TransGrid's benchmarking results are published and visible to consumers
